**Access:** No restrictions

**Scope & Content:**

The collection includes seventeen (17) boxes of correspondence, family group sheets, genealogical photocopies, cemetery records, will abstracts, newspaper clippings and more, for both the ancestors of Stella Harris, and for families who settled in her neighborhood of Clarksfield and Wakeman Township, Huron County, Ohio. Many files revolve around the surname Harris.

The file was titled by using the surname most prominent in a given file. Many files contain a variety of other surnames. The processor attempted to preserve much of the original organization, but many files seemed to have no focus on any given theme (surnames, regional history, etc). These were taken apart, grouped alphabetically by surname and categorized into miscellaneous correspondence, miscellaneous genealogies, etc.

**Provenance:**

The collection was donated by Henry R. Timman, Norwalk OH and accessioned on 31 Aug 2001.

**Processed by:** Volunteer or Intern not identified, 2003.
