Title: Loel Thompson Collection

Inclusive Dates: 1970-1999

Description: 1 box, 16 items, including newspaper clippings, photographs, negatives.

Note: This box is an addition to the Loel Thompson Collection brought in by Ted Minier, Hudson, Ohio, in 2007. The rest has already been processed. The finding aid for the initial collection needs to be entered in the computer and this addition will be appended at that time.

Also enclosed was a zip drive from 1998 by Sandra J. Coulter, 15784 Lakeway Dr, Willis TX 77378, on the Benjamin Pugh family. This was placed with other discs in the library. The IT committee will be working to transfer these to current digital media standards if possible. I do not locate anything appearing to be a printout of this data in the Thompson Collection.
