**Scope and Content:** The Harold Bair Collection is an extensive manuscript with research dominantly collected by Harold Roger Bair and relatives including Pauline Barcus and W.E. Miller. Mr. Bair conducted most of his research from the year 1970 onwards and discovered surnames that extending into the Middle Ages in Europe. The research is not properly cited when predating American Colonization, so the accuracy of the research is unclear. Nonetheless there is much time and effort put into this collection that deserves a closer look for any one who may have lineage that is listed in this manuscript. The generation charts are written almost exclusively by hand and every name is given a number which makes the research more confusing to follow, but we tried to organize surnames, generations, and correspondence so that the journey through this manuscript would be less confusing.

**Access:** No restrictions

**Provenance:** Donated by the Estate of Harold Roger Bair, Gahanna, Ohio, 2009.

**Key Words:** Bair family, Barcus family, Bell family, Bricker family, Cochran family, Davis family, Delaware County, Ohio, Denman family, Fairfield County, Connecticut, Greene County, Ohio, Harris family, Hayes family, Hays family, Howard family, Hubbell family, Knox County, Ohio, Licking County,
Ohio, Lyon family, Miller family, Morrow County, Ohio, Ohio cemeteries, Phillips family, Rogers family, Studer family, Sweet family, Tettemer family, Tucker family, Tuttle family, Vanmeter family,
