

**Cemeteries in the Vertical Files at OGS  
2005 Edition**

The following is a list of transcriptions of Ohio cemeteries that are found in the Ohio cemetery vertical files, arranged by county, at The Ohio Genealogical Society Library, Mansfield, Ohio. These may or may not have been published in other sources. Volunteers did not record cemeteries in these files if they had been photocopied from published articles in the OGS periodicals, The Report, and Ohio Records and Pioneer Families. The two volunteers who completed 99% of the project were Frances Baker and Don Wenner. Typed by Tom Neel, Librarian.
